**Re: Our letter dated 11 June 2004**

Dear Mrs. Den Haan,

Further to our letter dated 11 June 2004, I can confirm that one of our subsidiaries has indeed been involved in a seabed mapping and seismic survey in the area you were referring to in your letter of 7 June 2004. These activities are completed.

Before starting its activities our subsidiary checked whether there were any UN embargoes for this area. This appeared not to be the case.

Yours sincerely,  
Fugro N.V.

b/a 

G-J. Kramer  
President & Chief Executive Officer
